THE ACADEMIC ROUTE

At university you might study: Surveying, Construction Science and Management, Architecture, Interior Design, Conservation of Cultural Heritage

These subjects could be useful: Maths, Further Maths, Design and Technology, Computer Science/IT, Art, Physics

There are usually no 'essential' subjects for Construction courses, but we recommend that students refer to UCAS or speak to a member of the careers team to confirm this.

TO WORK IN THIS SECTOR:

You might consider careers in: Construction, including Plant, Engineers, Yard Operatives, Contract Managers, Site Managers, Estimators, Quantity Surveyors, Architects, Conservation, Sustainability, Project Planners

Students may also want to consider an Engineering and Manufacturing pathway.
