1 Policy Statement

- 1.1 As a public body, the Trust is required by law to manage records appropriately. Legislation such as the Data Protection Act 2018, UK GDPR, Freedom of Information Act 2000 and Environmental Information Regulations 2004 set out specific requirements in relation to the creation and management of records.
- 1.2 Maintaining appropriate and effective records management practices will help the Trust to deliver and meet our statutory duties. By adopting this policy, the Trust aims to ensure that the record, in whatever form it takes, is accurate, reliable, ordered, complete, useful, up-to-date and accessible whenever it is needed.
- 1.3 References to the Trust or Academy within this policy specifically include all nursery, primary, secondary and special academies within the Trust, as well as Priory Apprenticeships and Lincolnshire ITT.
- 1.4 This policy does not form part of any member of staff's contract of employment and it may be amended at any time.

2 Roles, Responsibility and Implementation

- 2.1 The People, Performance and Operations Committee has overall responsibility for the effective operation of this policy and for ensuring compliance with the relevant statutory framework. This committee delegates day-to-day responsibility for operating the policy and ensuring its maintenance and review to the Data Protection Officer.
- 2.2 This policy is approved by the People, Performance and Operations Committee before being ratified at the next available Trust Board meeting. Approval and ratification is minuted, with records kept by the Clerk to Trustees.
- 2.3 Leaders and Managers have a specific responsibility to ensure the fair application of this policy and all staff are responsible for supporting colleagues and ensuring its success.

3 Aims

- 3.1 To ensure that the Trust appropriately manages a record through its life cycle from creation or receipt, through maintenance and use to final disposal (for destruction, transfer or permanent retention).
- 3.2 To ensure that all Trust staff, governors, Trustees, elected members, partners, suppliers and stakeholders are aware of what they must do to manage records in an effective and efficient way.

3.3 To ensure that records are:

- easily and efficiently located, accessed and retrieved;
- better protected and securely stored; and
- disposed of safely and at the right time.

3.4 To reduce corporate risk through compliance with relevant legislation.

4 Scope

4.1 This policy shall apply to the management of records in all technical or physical formats or media, created or received by the Trust in the conduct of its business activities.

4.2 This policy applies to all Trust staff (both permanent and temporary), contractors, consultants, volunteers, secondees, elected members, governors, Trustees, partners, suppliers and stakeholders who have access to records, wherever these records may be located.

5 Definitions

5.1 **Record:** A record is recorded information, in any form, including data in systems, produced or received and then kept in order to support and/or give evidence of an activity. Since a record is recorded information, no record may be modified.

5.2 **Format:** A record can be in any format including (but not limited to): paper, email, audio/visual, electronic documents, systems data, databases, digital images and photographs.

5.3 **Records Management:** The control of records during their lifetime, from creation to storage and retention until the eventual archival preservation or destruction.

5.4 **Records Creator:** The person that produces and receives and then keeps them in its record-keeping system.

5.5 **Record-Keeping System:** System or procedures by which the records are created, captured, secured, maintained and disposed.

5.6 **Records Declaration:** The process through which records are identified as such and distinguished by other information that is not to be regarded as recorded information.

5.7 **Official Copy:** The official copy of a record is the copy intended to give evidence of the activity supported by the record and therefore, if need

be, is the one to be submitted to public authorities and other stakeholders and partners.

- 5.8 **Convenience Copy:** A convenience copy of a record is a copy of a record created for the convenience of the records creator or of someone working for the records creator e.g., to give him/her quicker access to the information contained in the record.
- 5.9 **Primary Responsibility:** The primary responsibility over a record identifies which organisational unit/person is in charge of keeping the official copy of a record and deciding about specific issues concerning its management.
- 5.10 **Vital Records:** Records without which an organisation would be unable to function, or to prove that a key activity has taken place.
- 5.11 **EDRMS:** The Trust's Electronic Documents and Record Management System. The EDRMS may be made up of one or more IT platforms.

6 Official Copies of Records

- 6.1 There shall be only one official copy of each corporate record.
- 6.2 If there are two records identical to each other to be kept by the Trust in order to give evidence of two different corporate processes, they shall be considered as two separate records, each one associated with its specific features i.e., retention and disposal schedule, file plan code etc. For example, a member of staff performance report kept both in the personal staff member file of the member of staff, and in a litigation file involving the same member of staff.

7 Modifying Records

- 7.1 Records shall not be modified.
- 7.2 A new record shall be produced if the information contained in a record is to be corrected, amended or added.
- 7.3 This former record is to be kept in compliance with the relevant retention and disposal schedule.

8 Access to Records

- 8.1 Records shall only be accessed by relevant staff for a business purpose.

10 Retention and Disposal

- 10.1 The Trust's retention and disposal schedules can be found in Appendix A. The Trust adheres to the Information Management Toolkit for Academies.
- 10.2 The Trust's retention and disposal schedules shall comply with all relevant UK statutory (including all HMRC) provisions currently in force.
- 10.3 A Head of Service, who has primary responsibility over the record, shall be required to authorise a change to the retention or disposal schedule following the expiration of a record. If it is in contrast with the original schedule, the reason for the change needs to be documented.
- 10.4 Legal provisions shall take precedent over proposed modifications.
- 10.5 The Trust shall ensure that retention and disposal schedules are available to all staff and those managing access to the Trust records.

11 Destruction of Records

- 11.1 If provided by the relevant retention and disposal schedules, corporate records are to be destroyed when their retention periods expire.
- 11.2 Before destroying any record, it is necessary to verify that there are no specific circumstances that may prevent the destruction, such as legal holds (issued by a Court) or new business needs e.g., the record might be useful to support either legal defence or another corporate activity.

-
- 11.3 Destruction of corporate records shall be authorised in writing by the relevant manager, or authorised deputy, of the service area which has primary responsibility over them.
 - 11.4 The service area which has primary responsibility over the records shall ensure all existing copies of the records are destroyed, regardless of format and location.
 - 11.5 Destruction of records shall be recorded on a Disposal Register (a template is available from HR). The register is to be kept in digital format by the service and a copy sent to the HR Department.
 - 11.6 Paper records are to be destroyed by using the corporately provided lockable confidential disposal bins or confidential waste bags or by shredding the record using a cross cut shredder.
 - 11.7 Confidential waste bags and lockable bins must be kept in a location not accessible to the public. Confidential waste bags are to be held and secured at all times to prevent unauthorised access.
 - 11.8 Microforms, microfiches, microfilms and non-digital photos must be kept separate from paper records and placed in confidential waste bags reserved just for them.
 - 11.9 Electronic records kept in a corporate application shall be deleted using the functionality within the application.
 - 11.10 Sanitisation procedures for ICT storage media holding electronic records which includes optical, magnetic and solid state storage media vary with the media type, but typical methods include overwriting, degaussing and physical destruction.
 - 11.11 In all instances where ICT storage media is destroyed, a certificate of destruction shall be provided and held as a permanent record by the relevant service area.

12 Convenience Copies of Records

- 12.1 Corporate retention and disposal schedules do not apply to convenience copies, which are to be destroyed as soon as they are no longer needed to facilitate the work of the person who has produced them.
